About Event

Made in Bangladesh Expo™ – Italy Edition 2026

Made in Bangladesh Expo™ – Italy Edition 2026 is a two-day trade and investment exhibition designed to showcase Bangladesh's export capabilities and connect businesses with prospective commercial partners.
The event aims to bring together manufacturers, exporters, SMEs, buyers, importers, distributors, investors, policymakers, industry associations and diaspora entrepreneurs.
The proposed program combines product showcases, company presentations, B2B meetings, seminars and networking. Participants can introduce their businesses, discuss market opportunities and explore cooperation in trade, services and investment.

Our Objectives

- **Promote Bangladeshi products:** Introduce participating companies and their offerings to Italian and European business audiences.
- **Expand bilateral trade:** Encourage exports from Bangladesh and sourcing from Italy.
- **Support SME growth:** Help smaller enterprises develop international contacts and improve their market readiness.
- **Advance women's entrepreneurship:** Provide opportunities for women-led businesses to showcase products and connect with partners.
- **Encourage investment:** Present business interests and explore prospective partnerships and joint ventures.
- **Engage the diaspora:** Connect Bangladeshi entrepreneurs in Europe with businesses in Bangladesh.
- **Share practical knowledge:** Discuss sourcing, investment, distribution and international market entry.

Featured Sectors

- **Apparel and textiles**
  Ready-made garments, knitwear, fabrics, fashion and home textiles
- **Leather and footwear**
  Shoes, bags, accessories and leather goods
- **Jute and handicrafts**
  Jute products, artisan goods, gifts and home décor
- **Agro-food**
  Packaged foods, processed agricultural products, spices and beverages
- **ICT and business services**
  Software, digital solutions, outsourcing and professional services
- **Pharmaceuticals**
  Pharmaceutical products and potential distribution cooperation
- **Ceramics and household goods**
  Tableware, decorative products and household items
- **Real estate and investment**
  Property projects and business investment presentations
- **Light engineering**
  Components, equipment and industrial cooperation

Participation and product displays will be subject to applicable event, import and market requirements.

Exhibition and Product Showcases

Exhibitors can use the event to introduce their products, samples, services and company capabilities. Direct conversations with visitors provide opportunities to explain product specifications, production capacity, pricing, customization and potential commercial arrangements.

B2B Matchmaking

The proposed matchmaking program will help connect participants according to their products, sourcing needs and business interests.

Meeting topics may include:

- Wholesale purchasing and product sourcing
- Import and export cooperation
- Distribution and retail partnerships
- Private-label manufacturing
- Technology and service collaboration
- Investment and joint ventures

Meetings will depend on participant registration, suitability and availability.

Featured Seminars

Invest in Italy — Business and Investment Opportunities for Bangladeshi Entrepreneurs

This seminar will explore opportunities and practical considerations for establishing or expanding business activities in Italy. Proposed topics include investment sectors, company formation, business partnerships and professional support for market entry.

Import from Italy to Bangladesh — Products, Suppliers and Trade Partnerships

This seminar will examine opportunities for Bangladeshi businesses to source Italian products and technology. Proposed topics include machinery, industrial equipment, consumer goods, supplier selection, distribution arrangements, shipping and payment terms.

Both sessions are intended to include audience questions and discussion with invited specialists.

Company Presentations and Networking

Selected participants may present their businesses, products or investment interests to the event audience. Networking sessions will provide additional opportunities to meet exhibitors, industry representatives and prospective partners.

Where agreements are reached, the program may accommodate partnership announcements or MoU signings with the consent of the participating organizations.

Who Should Attend?

The expo welcomes:

- Manufacturers and export-ready businesses
- SMEs and women-led enterprises
- Importers, wholesalers, retailers and distributors
- Investors and entrepreneurs
- Technology and professional service providers
- Chambers of commerce and trade associations
- Bangladeshi diaspora business owners
- Business delegations exploring Bangladesh–Italy cooperation

Opportunities for Exhibitors

Participation offers a platform to showcase products, gather market feedback, introduce company capabilities and identify prospective buyers or partners.

Exhibitors can also join the business sessions to learn about market entry and discuss their next steps with relevant contacts. Commercial results will depend on product suitability, preparation and follow-up.

Opportunities for Buyers and Partners

Buyers can meet participating suppliers, examine samples and discuss sourcing requirements directly. Prospective partners can explore distribution, services, investment and other forms of commercial cooperation.

Sponsors and supporting organizations can discuss opportunities for event visibility, business engagement and participation in relevant sessions.

Building Lasting Business Relationships

The expo's purpose extends beyond the exhibition days. It aims to encourage participants to follow up on introductions, exchange proposals and develop relationships that support future trade and investment.

Made in Bangladesh Expo™ – Italy Edition 2026 invites businesses to discover opportunities, share ideas and build connections between Bangladesh, Italy and the wider European market.
